How to Call Deaf or Hard of Hearing Employees

Telecommunication Devices for the Deaf or TDDs permit individuals who are deaf or hard of hearing to communicate over standard phone lines with other TDDs or, by using established relay systems, with non-TDD users. TDD is often referred to as TTY within the deaf community so please be aware of both acronyms.

In order to call the Deaf or Hard of Hearing Employees listed on this page or any other page of this directory you have two options: If you wish to speak directly with the deaf or hard of hearing employee on the TDD/TTY you can find them in the TARGET Center and the Library and at the Guards Desks at Wings 1 and 4. If you wish to call the deaf or hard of hearing employees from your regular phone you must use the Federal Information Relay Service (FIRS).

To use FIRS, dial 1-800-877-8339. The FIRS operator will ask you for the number you want to call. Give the FIRS operator the TDD number of the deaf or hard of hearing person you wish to speak to. The FIRS operator will dial the number. The deaf or hard of hearing employee will answer the phone and "talk" through the FIRS operator. Speak to the deaf or hard of hearing employee as though they are hearing, pretend the operator is invisible. When it's your turn to speak and you are finished say "Go Ahead", this lets the operator know that you are ready for the other party to respond, the deaf or hard of hearing employee will do the same. When the conversation is finished, say "Signing Off" to alert the operator and the deaf or hard of hearing person that you are hanging up.

To the extent possible use your local TDD relay service. For long distance and inter-city calls requiring the intervention of a relay agent utilize the Federal Information Relay Service (FIRS). Federal Information Relay Service (FIRS): 9-1-800-877-8339.

Change of Address

Departmental agency users are responsible for promptly notifying their correspondents when there are changes in address, agency organizations or officials. This will assist in preventing unnecessary delays

in the delivery of mail. Incoming mail bearing an incomplete or inaccurate address will be delayed and may also be returned to the sender. Change of address forms may be obtained from your mailroom.

Do not use Government envelopes or services for personal mail.

For further information and assistance in mailing, please contact your agency mail manager.

The Department of Agriculture is the largest mail user within the Federal Government. Last year's postage costs for USDA was \$44 million.

It is important that USDA employees follow proven mailing practices to ensure all mail sent to and from the Department reach its destination without delay. Among these important practices are:

- Reduce use of flats (envelopes larger than (6 1/8" x 9 1/2"). Save postage by folding up to 5 sheets of paper in letter size envelopes.
- Reduce costs by printing on both sides of paper.

- Save by consolidating items for one address into a single envelope.
- Endorse all flats and packages with class of mail.
- Update mailing lists continuously!
- Use postcards whenever possible.
- Single space the address, using capital letters without punctuation.
- Use ZIP +4, when known. (Always use 5 digit ZIP Code.)
- Outbound mail address will be machine printed or typed.

- For international mail, place the country name on the last line of the address in all CAPS.
- Include a complete return address on all outgoing correspondence.
- Notify your correspondents and the Central Mail Unit of changes in USDA addresses and personnel.

Have a mailing question? Call the Central Mail Unit on 720-7088. Ask the Office of Operations, Mail and Reproduction Management Division (telephone 720-8393) to help in training or workshops.

Preparing Outside Correspondence

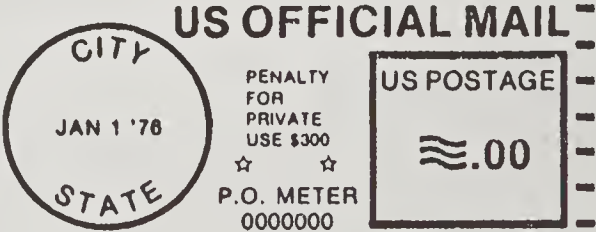

Use the right size envelopes and endorse all large, bulky pieces with the class of mail service desired. Generally five pieces of paper will fit into a letter-size envelope (4 1/4" X 9 1/2").

To expedite delivery make sure that your outgoing mail contains the following:

- (1) The complete return address of the originator (Name & STOP Code or Name, Agency, Room Number and Building). This information will eliminate time-consuming processing of returned USDA-originated mail.
 - (2) After the ZIP code, include agency's unique 4-digit code.
 - (3) The full address of the addressee, including the ZIP Code. (No more than 5 lines - brief but concise, assures expedited delivery.) Use capital letters, machine printed or typed without punctuation.
- For example:
- Name of Individual or Organization
 - Organization Element (if necessary)
 - Street Address or P.O. Box Number
 - City, State and ZIP Code
